Meeting ID: 846 6782 5535 Passcode: SWWD71223

### PROGRAM OVERVIEW

The South Washington Watershed District (SWWD) seeks a creative fine art photographer to celebrate and document the landscapes, ecosystems, natural resources, and diverse inhabitants that call southern Washington County home. The lengthened term of the artist's residency is designed both to allow exploration throughout the seasons as well as to remove arbitrary timeline limitations from creative project ideas. SWWD is interested in discovering new ways of envisioning, connecting, and valuing its water resources, while recognizing different perspectives and ways of knowing. Through this program, SWWD hopes to incorporate unique ideas and views into SWWD programs and projects while promoting and achieving water quality improvement by providing visibility to the watershed and its natural resources.

---

## ARTIST'S RESPONSIBILITIES

The selected artist will be expected to collaborate with SWWD program staff to develop an agreed upon work plan with specific outcomes for the residency term, including development of a public artist statement describing the artist's vision or concept. Brief monthly meetings with staff will provide communication and focus, allowing staff to keep the artist current with ongoing projects and activities underway across the watershed. The artist must keep SWWD staff informed of the status and progress of work so staff can provide the SWWD Board of Managers with a detailed assessment of program successes and suggested future program improvements.

In addition to SWWD's close relationship and intersection with the St. Croix and Mississippi Rivers, there are a variety of outstanding regional parks to interact with, including Afton State Park, St. Croix Bluffs Regional Park, Cottage Grove Ravine Regional Park, SWWD's undeveloped Glacial Valley Park, Grey Cloud Dunes Scientific & Natural Area (SNA), and Lost Valley Prairie SNA. SWWD is also home to Carpenter Nature Center and numerous local parks.

The artist will be expected to develop a cohesive portfolio of work from across the watershed over the course of the residency consistent with the approved work plan, culminating in a formal exhibition in the fall of 2024. SWWD staff will assist in securing a regional venue for the exhibition. The artist will also be asked to participate in occasional SWWD community events or meetings (subject to availability). The artist is required to provide their own equipment and work space.

The selected artist will serve as a contracted consultant to SWWD, not as an employee, and must maintain a commercial general liability insurance policy consistent with statutory and SWWD requirements.

## SWWD LICENSING OF IMAGES

The artist will retain all ownership and copyright of their work. SWWD will not take any commission on work created or sold during the program term or final exhibition. The artist will be required to execute a licensing agreement allowing SWWD's use of imagery created during the residency, with proper artist crediting, in digital and printed promotions of SWWD's work and projects, including on SWWD's website, [www.swwdmn.org](http://www.swwdmn.org).

## RESIDENCY COORDINATOR

Questions? Kyle Axtell, SWWD BMP Project Specialist, will serve as the residency coordinator and can be reached by phone at 651-714-3718 or by email at [kyle.axtell@woodburymn.gov](mailto:kyle.axtell@woodburymn.gov).

## SUBMISSION REQUIREMENTS

Application materials must be submitted via email to [kyle.axtell@woodburymn.gov](mailto:kyle.axtell@woodburymn.gov) by the **deadline of midnight on Friday, July 21, 2023**. Late or incomplete applications will not be considered. Submittals must include the following:

**1. Letter of Interest**

- a. Letter describing interest in the residency, anticipated approach, and contact information. (PDF, 1 page max)

**2. Artist Information**

- a. Curriculum vitae (CV) or resume. (PDF, 2 pages max)
- b. Artist statement. (PDF, 1 page max)

**3. Work Samples**

- a. 10 numbered work samples completed within the last three years.  
(JPG, TIF or PDF accepted via email or through shared portfolio folder)
- b. Include an image inventory list with title, year, medium, dimensions. (PDF)

**4. Professional References**

- a. Three professional references with contact information.

## ABOUT THE SOUTH WASHINGTON WATERSHED DISTRICT

The South Washington Watershed District (SWWD) is a special-purpose local unit of government located entirely in Washington County, Minnesota. It contains portions of ten cities and townships: Afton, Cottage Grove, Denmark Township, Grey Cloud Island Township, Hastings, Lake Elmo, Newport, Oakdale, St. Paul Park and Woodbury.

In 1993, the Cottage Grove Ravine Watershed District was formed as the 42nd watershed district in Minnesota. The watershed district changed its name to the South Washington Watershed District in 1995. Two subsequent enlargements eventually resulted in SWWD's current boundary configuration.

The SWWD's Watershed Management Plan addresses seven issues: Flooding; Watershed Alterations; Groundwater Sustainability; Natural Resources; Climate Change; Information & Education; and, Efficiency & Accountability. Projects and programs to implement actions addressing these identified issues are established according to the priorities of SWWD's five-member Board of Managers and carried out by its staff. SWWD's office is co-located within the City of Woodbury's Public Works Department at 2302 Tower Drive, Woodbury, MN 55125. More detailed information about SWWD can be viewed online at [www.swwdmn.org](http://www.swwdmn.org).
